I have a beautiful guitar for sale. It comes with an electric tuner, backpack style soft case and strap. The action has been lowered so it plays really well and it has a bone nut and mycardia bridge for improved tone. I love this guitar but I need to thin out my collection. Thanks for the interest, message me or give me a call at 707-514-9897 if you have any questions or want to check it out :)
