This antique china cabinet is approximately 80 years old. It's a smaller cabinet, dimensions are listed below. It's been well cared for but as you can see, there are signs of wear. The doors lock but are challenging to unlock so I just keep the key in the lock and open and close when needed.

It has a stamp on the back that reads The Grand Furniture Co. Seattle with a model number of 0341-2

Any questions or if you need more detail, please contact me. Located in Midtown

(The cat is there for size relevance. He's not for sale)
