2016 1 owner Sandpiper 35 ROK. This 5th wheel has only been pulled on the road from dealer to campground then back to residential home, so only twice. At over 40 get long, this 5th wheel has plenty of room for a large family. This Sandpiper retailed for \$67,437.50 and was purchased with \$16,578.75 worth of options. These include both the Signature Package and the Ultimate Package. It also includes the 6 point auto-leveling system. This also contains a separate bedroom with a king size bed and more luxuries than I can list. It's well worth the look.
