I have for sale a granite/marble table top that we had custom made for our office, it sits on top of an ikea rolling printer stand. The granite measures: 35 3/8th inches long x 32 7/8 inches wide x 1 inch deep

White Ikea base measures: 24 inches tall x 17 5/8th wide x 17 1/2 inches deep

The pictures do not do this piece of granite justice, all the corners are finished. Call (323) 404-5270 to arrange pickup.
