Address: 4155 NE 3 Mile Ln Spec 138, McMinnville

Price: Check with seller

The Buzzaround XL 3-Wheel Scooter offers the easy transportability of smaller travel scooters yet incorporates a longer foot platform for greater riding comfort. The overall length is 42.5 inches, and yet this model turns in a tight 37" radius, giving it superior maneuverability indoors. The Buzzaround XL disassembles easily, and there are no wire connections to be made, so it's a breeze to take apart and reassemble when you get there! Taken apart, the heaviest piece weighs just 35 lbs. The standard 12 AH batteries will travel up to 8 miles on a charge. Or choose the 22 AH battery option and travel up to 14 miles on a single charge with an improved weight capacity of 325 lbs!
