Address:

**Anthony**

Price:

**2800.00 \$**

1953 Yale Forklift. Gasoline engine, Pneumatic all terrain tires, 3000 pound lift capacity, 12 volt charging system. Always starts and runs good. I have used this forklift 3 or 4 times per week for the last 11 years to load Beaver express deliveries into my delivery trucks. Beaver Express went out of business March 27th and I no longer have a need for a forklift. Message me with any questions. Buyer will need to arrange for transportation from current location in Anthony Kansas
