175.00 \$

1950s SHERIFF PIGGY Coin 26" Tall Vintage Chalkware Still BANK Carnival Statuary . Condition is New, original owner never used! A rather rare piece, this crazy character stands 26" tall, and is made of a thick Chalkware material. He is really quite awesome, adorably dressed in his Sheriff attire, cowboy hat, with guns & holster! His bright paints are sprayed onto the surfaces, and blend together nicely! The design and details throughout lend so much to his character and charm! His condition is really MS quality considering his material make-up and age! There are no cracks, or big chips, however, there are some scuffs and periodic areas of paint loss. I could of easily touched him up, but thought better to keep him in the original condition! His hat has a large slot to deposit any coins or money, and the bottom has a large round hole for robbing the bank! He stands up quite securely, and is fairly heavy, weighing a little over 14 lbs. He is 26" tall, and approx. 12 1/2" x 10" taken at his widest points. A wonderful piece, great for the pig collector, and heck, so large he could be considered a part of the family! If you have any questions please ask And Thank you for your interest, good luck, and have a great day!
