I fell in love with this and so did my 7 year old daughter. So I decided to sell it. I have very curly and frizzy hair my daughter has long wavy hair. It makes your hair so soft to the touch. No more pinching your hair and frying it. This particular straightener gets up to 230 Celsius/ 450 Fahrenheit. I have sold 100 are delivered and used. All my customers love this straightener. Message me if interested in one. Money back guarantee, you decide you dont like it I refund your money. I ship free. These are ready for delivery! In stock now Pink and White. These are before and after half and half. Sorry my 3 and 7 year old took the pictures.
