Address:

801 Foothill Dr, North, Hutchinson

Price:

3375.00 \$

This is an inspection robotic tool with camera front and rear, LED lights front and rear. Color monitor, 150 feet of cable, 2 extra tracs, extra fuses and LED lights. This was purchased new in 2010 and only used sparingly, its in like new condition. The rear camera does not work, the manufacturer estimated it was going to be \$500 to repair including shipping. Everything else works great. This item new from Vac Systems is \$6k.
