Address: **Kingwood, Frenchtown**  
Price: **Free**

Cluckingham Palace is now available for sale.

In excellent shape, pre-assembled and ready for you to pickup. Link below. I have had this for 6 months. Additional perch has been added to hold up to 20 chickens comfortably for roosting at night.

Predator safe, withstands major winds, storms, snow, this coop is the best quality coop I have ever owned. Excellent circulation within coop, storm panels were purchased and will be included for free.

Best of all, you can stand up inside the coop to clean up, check your hens and collect eggs, comfortably. I have also added on nesting box "doors" with gold chain latches if you need to train your hens to sleep on roosts at night and not in nest boxes by closing the doors.

If you are looking for an alternative to the cycle of purchasing poor quality coops that have to be replaced every year or so due to weather, poor quality materials/construction, or predators - look no further. This coop is worth every penny for the serious chicken owner.

Not to mention, it is beautiful, easy to clean, and is not an eye sore.

serious inquiries please call 908-752-7005. This coop was original \$5650.
