These are a blast from the past! If you lived during the 1970's you're probably very familiar with these sandwich/snack plates and cups. This item is something that many homes would have used during that time, for special occasions. Each piece is in great condition. There are minimal signs of war, and there are no chips or cracks found anywhere. The give price is for ONE PLATE & CUP.

Length (plate) 10.5 in.
Width (plate) 8 in.
Height (cup) 3 in.
Width (cup) 4.5 in.

I have 16 of each plate and cup. Full set \$150.00
