We have a solid Oak Amish style dining room table set for sale. Pictured without leaf. Set consists of table, 42" wide x 61" long; center leaf 18" x 42", and 6 chairs. Table and chairs are in excellent condition. No loose legs or spindles. All chairs are rock solid. Table is twin pedestal which maintains a sturdy, very solid table top. Entire set is very well constructed and solid. As stated, excellent condition simply wanting to downsize as this is larger than required for our condo. Cash only!
