Address: 16980 Krchak Ln, Robertsdale, Robertsdale

Price: 250.00 \$

This was sold as a "Fender Tweed Deluxe on Steroids" (40 Watt) Double the power of a Fender Tweed.

These kits are sold for \$500+

The electronics is a kit that I bought from Torres Engineering and built.

All hard-wired point-to-point construction as seen in pic.

Sold as a custom amp head that made improvements on the original Fender Tweed Deluxe.

Preamp section has one 12AX7 tube and one 12AY7 tube.

Power amp section has two Tungsol 5881 tubes and one one 5AR4 tube (rectifier)

Very simple controls.

ON, Standby, Tone Knob, Volume 1, Volume 2.

Sounds incredible. This is for the "Fender Tweed Lovers" out there.

Comes with all original paperwork: (parts list, step-by-step instructions, schematics etc)
