Address: **Willoughby**  
Price: **30.00 \$**

Vintage stereo receiver with cassette deck attached. Model SL-H50B

One channel is not working, mono only.

Tape deck is not working.

Everything else works fine. Can still be used as a great beater garage stereo. We have been listening to it all week. Plenty of power to fill a two car garage or small shop.

No speakers included.

Thanks, -Jeff-
