1992 MCI 102C3 47 passenger coach bus. We used this bus for our summer camp program for 4 years. Bus is in really good condition for it's age, Previous owner was fleet company so maintenance was excellent. The bus has 400,000 miles on a Detroit Diesel. After we bought it, I had my mechanic go over the bus and look for pieces and parts that could fail, and had him replace or fix all of them. I originally sold the bus to a man who wanted to make it into a Motor Home, but he got ill. So I get to sell it again. The interior is in excellent condition with no tears on the seats. One set of seats were replaced because they broke. The engine runs smoothly, transmission shifts smoothly, all then glass is good and all the bay door open easily. Bathroom works as it should. Tires are about 60%. Then bus will need a little cosmetic attention, but the major components work well. We are located in lower, central Pennsylvania 1 mile from Maryland line, about 35 miles N of Baltimore. This bus would make a great motor home to travel. Come and see the bus by appointment. opsac2010@gmail.com
