Address:

Mentone, Mentone

Price:

100.00 \$

It's a fully working Xbox 360 with one controller included and I am including these 8 games:

Call of Duty 4, Modern Warfare

Halo 3

FIFA 16

Madden 08 & 09

Forza Motorsport 4

Forza Horizon 2

Tom Clancy's Ghost Recon: Advanced Warfighter

Only getting rid of it because we finally upgraded my son to someone else's used Xbox One. This isn't current but still works perfectly and will still let a kid who's not obsessed with having the most up-to-date machines play a variety of good games.

I also have two extra controllers and the game Skylanders with a number of Skylanders accessories, for sale separately.
