Address: **Exton, Downingtown**
Price: **55.00 \$**

12 dinner, 8 bread and butter, 10 salad, 7 small dessert/sauce bowls, 8 coffee cups, 8 flat coffee saucers, 2 - 8" oval vegetable bowls. Complete lot.

No cracks. One dinner plate has a very small chip on edge. Dinner plates have gray streaks from use of silverware. Other plates, bowls, are in very good condition. Coffee cups and saucers are like new.

Very unique and ahead of its "design time," the shape of each plate and bowl is slightly oval with subtle points at each end. Features gray speckled background, two flowers with burgundy and pink petals, gray leaves and stems. This vintage dinnerware was manufactured between 1956 and 1961, before U.S. Consumer Product Safety Commission regulations. The set has assorted stamps that relate to different production years.

\$55 for the lot - \$1 per piece.

Not included but also available in this pattern is the rare 15" oval platter in excellent condition. See separate listing.
