Unfortunately, my brother passed away, and I need to sell this home. It was built in 1906 and has original hardwood floors. It has three bedrooms and 2 baths.1,728 square feet and a 4,748 sq foot loft. This is perfect for someone who would like an affordable fixer upper or a rental property. Due to probate, this house will be sold as is. Please contact me if you would like more pictures and information.
