Price:

175.00 \$

Both washer and dryer work with no issues. Washer is a newer whirlpool economy that is in almost perfect condition. Has the fabric softener options and all the bells and whistles, really nice for an economy washer and does a good job getting clothes clean. The dryer is a roper brand, a little older but works well as long as you don't overload it. Pick up in pilot knob only, willing to help load them if needed. Must be sold as a set, no exceptions.
