Hi there!

I am in my second year of dental hygiene school and I need to find all of my patients to meet my requirement. I am in search of people who haven't been to the dentist in 8+ years (especially if you think you have a lot of tartar build-up!!)

For \$20, you get a dental cleaning, exam and x-rays. Because it takes place in a school setting, appointments are longer because I have to get checks by the dentist and my instructors.

Appointments are held at the WCTC campus in Pewaukee on Tuesdays 8-11:40 and 1-4:40 and Fridays 8-11:40.

If you are interested in scheduling an appointment, please feel free to message me! If you know anyone that might benefit, please pass it on!
