Address:

Concord, Painesville

Price:

450.00 \$

SIZE: 36"W x 17"D x 34"H

This chest is very stable and functional--It is in very good condition.

Hand-cut dove-tail drawers. Square nail construction. Flame cherry on drawers. Turned cherry wood legs on front and straight board legs on back--All legs have small metal wheel castors. All drawers are lockable with brass lock assemblies, but no key is currently available. This smaller type chest has many uses... Makes a nice small sideboard or could be used in bedroom, living room, dining room or porch. Right front corner of top has a chip (see photo #5), but I believe it adds more character to the piece.
