Price:

**7995.00 \$**

1988 FORD Shasta Motor Home

Air Conditioner is Ice cold !

It Sleeps 6 and has a 4 burner gas stove, gas or electric refrigerator, gas water heater , toilet on one side and shower on the other with 2 privacy doors on shower and bathroom. It's a Great starter camper with lots more life left !

Has 6 new tires and is inspected until 11/21 .

The only things wrong with it is the cab air conditioner needs a pump and or clutch.

Everything else works . It also has a built in generator that runs the main air and refrigerator while traveling.
