We have around 146 12' pieces of Ply Gem Venture Hidden Vent Soffit for sale. 140 pieces remain in their original boxes. We also have approximately 20 pieces of white JChannel. Here is what the manufacturer has to say:

FEATURES & BENEFITS

Substantially More Airflow – Hidden Vent allows 50% more airflow, reducing utility bills and preventing mold and mildew damage

Exceptionally Strong – Durable and extra thick to resist dents from everyday life

High Wind Speed – Stronger than standard soffits, withstands up to 160 mph winds

Exceptional Curb Appeal – Beautiful, sleek, soft matte finish with a deep shadow line makes your home stand out

Low Maintenance – Doesn't require painting so you can spend more time enjoying your home, not maintaining it

5/8" Panel Projection – Enhanced shadow lines replicate the appearance of real wood siding
