Giant cooler used just once, for beef delivery. It kept 4 cattle frozen solid all day long in this week's record heat. (Cut and boxed for delivery all over the county.)

Use for your farm, fishing, or hunting. Keep your meat and seafood fresh. Not watertight - just COLD.

1" styrofoam panels. Floor is 1" plywood on top of 1" styrofoam (you can walk on it). Thermally sealed with foil tape.

4' x 8' by 30" deep. Fits in a standard trailer or a big truck.

Price is firm. Sorry, trailer is not included, and beef is sold out.
