There is a 32.5" clock works great \$50.00. I don't want to get rid of it. I made a wall of clocks and they all wouldn't fit. My husband said the rest must go, So, I am selling them. there is another 32.5" clock in the same ole good shape and it is also \$50.00. 1 more, the one with the green in it. It is \$40. They are all in great shape . They all have new batteries in them and they always keep the time. Porch pickup only or I will meet you somewhere. No holds, first come first serve
