This powerful "total juicer" has been around for many years. The super powerful motor goes forward and instantly reverses to pulverize anything into a juice-- with the addition of ice cubes it will even make a sort of ice cream. The cookbook guides you through many recipes. The machine is all stainless steel. The wooden stick pushes stubborn food down if and when needed. New cost over \$200. We have no room for it after a big move into a small place. Selling for cheap, only \$50. We are in SE Olympia just off Rich Road and Yelm Hwy.
