FREE HELIUM MINER BOX SHIPPED TO YOUR DOOR. We have a limited number of these boxes available for residents in North Dakota. 100% free, no cost or fees, ever.

Simple set up. Just plug the box in, connect to WIFI and start mining the Helium cryptocurrency. Simple instructions included.

Currently Helium is priced at \$20.93 a coin and can be converted to cash instantly. Your box will mine 2 - 50+ coins a month depending on your location. Watch the 2-minute intro video here: https://join.heliumtrack.app/ashleydick then click the join button to check and see if your location is still available.

If your location qualifies your miner will be mailed to you, and I will be in touch. Only 1 miner can be deployed within a 1/2 mile radius, so your address will only be rejected if your neighbor already has their minor reserved. First come, first serve, so don't procrastinate if you want a free helium crypto mining box.
