Address:

**Bay City**

Price:

**150.00 \$**

Handmade, 2 piece all wood Church Warden pipes. I sold pipes at the 2021 Tillamook Farmer's Market with tremendous success and have 4 left. These pipes are all handmade and all provide a cool, enjoyable smoke with whatever you choose to smoke! The perfect Christmas present for anyone on your list, these pipes are conversation starters and will be passed around anytime you use them!

Each pipe is a simple, hand crafted 2 part bowl and stem design for easy cleaning and travel. Each pipe is made from hardwood and finished using traditional methods and materials. Fiebing's leather dye is applied and a coat of caranuba wax is applied for a beautiful and long lasting finish. No stains or varnishes are used

For 2 of the 4, I havestands available and will make you one if requested.
