This was brand new in 2018, after being serviced determined it likely has an evaporator leak. Excellent condition, perfectly clean, smells fresh, maybe useful for someone who wants to service or tinker with it. Please see photos for model info.

Please ONLY TEXT or call 918.327.1115. I cannot respond to facebook or check messages.

Must be able to load and pick up. Will can help with this but cannot load or deliver.
