I have a fairly large collection of Department 56 buildings and accessories, most if not all are discontinued and no longer available. 11 Buildings from New England Village Series, 2 from Dickens Village Series, 1 from Original Snow Village and 1 from Lemax Village Collection. There are 16 different accessories. I would prefer to sell the entire collection. Listing of all pieces available on request. Check the website of Department 56 for value of discontinued pieces. One representative piece is pictured below, the Blue Star Ice Company.
