This S7 is white cloud color.

It is completely factory reset , and cleared of all data.

It works perfectly and doesn't have any damage at all. No scratches, pukas and it looks new

I always kept it in very protective

Cases, and put it in a pouch.

So it was well taken care of.

The 3 covers each have two layers to protect the phone, and they fit well with precise port openings.

Cash only, and please, no calls before 9:00 AM or after 10:00 PM.
