This beautiful old Hoosier style table has an enamelled top that measures 40.5 inches long x 27 inches wide It stands 31 inches high. Legs are very sturdily attached, but can be easily removed for transport. Wood can be left as-is -- or painted any color you like. Think how great this would look in a retro kitchen! (One in not nearly so great condition just sold for quite a bit more money on Ebay.) Call Jeff at 440-477-3972.
