I have a free couch that I need to get rid of before I move out. I am moving to Iowa for an internship and can't take it with me. The couch has hardly been used and is smoke and pet free. It is pretty big and comes in three parts. If you are interested please call or text me at 620-931-0536. I will help move it out the door and into your vehicle if you need. If possible I would like to get this out of here before the end of next week.
