J6 Power Electric Wheelchair from Pride Mobility

Rebuilt with Brand-new Motors; Castors and Wheels (front and back); Drive Wheels; Arm Rest and Controller/Joystick; and Batteries.

The batteries only have about 5 or 6 months use on them. I have the chair plugged in all of the time to preserve battery life.

I have all of the paperwork that came with my chair, I also have all of the service/repair paperwork, which shows rebuild/repair work of over \$5000, I am asking \$1200 for the chair.

I always took very good care of my chair, it was my legs when mine didn't get me where I needed to go.
