Hayward ProLogic Pool Automation Controller PL-PS-8. This automation can control up to 8 Relays, 4 Valves, 2 Heater, and Solar.

This controller is less than one year old and in perfect working condition. It was newly installed when our pool was built last summer in July 2021. We're selling it because we upgraded controllers. Includes the wireless base antenna (AQL2-BASE-RF) for remote capability. Photos showing the controller installed was from May 2022. Compare at \$2300 new retail.

The Hayward ProLogic pool automation offers the best value in the industry for a better backyard experience and more time to enjoy it. Pool owners can automate all work intensive functions such as filtration, heating, sanitization, balancing PH, and cleaning.

* Manage up to 8 pieces of equipment using 8 relays. Manage two heaters and a solar system on any pool, spa or pool/spa with shared or dual equipment.

* Automate 4 rotating valves to control system flow and to create unique water features.

Up to 70% savings by managing 2-Speed or Variable Speed Pumps
* According to salt chlorinator advanced pool and spa shows
