Price:

5000.00 \$

I build quality decks at the best price around. I don't want any money up front for labor, pay me cash at the end of the day after you have seen my work. You buy all the materials (from a materials list we agree on) and have them delivered, I will come in and build it. I estimate the labor by how many days I think it will take to complete,, if I'm wrong the extra time is on me as long as nothing else was added from our original agreement.

The pictures show the quality of work I do.
