This trailer is 1/2 TON towable. Never been smoked in and still feels and smells new. Front bedroom, Onan generator with only 56 hours, fuel station, Firestone air compressor with tank, 92 gal fresh water tank, power awning, stereo w/ sub woofer. This toy hauler is in excellent condition with NO issues. We've always kept it covered, so there is no sun fade, cracking or blemishes from the elements. We bought it new and used it for our camping and dirt bike excursions. We have since gotten out of dirt bike riding and just aren't using it enough anymore. Asking \$26,999 OBO.
