Upright vacuum cleaner with 12-inch-wide cleaning path is better suited for cleaning low pile carpets than typical canister vacuum cleaners and takes up less space for storage. Helping Hand handle has received Ease-of-Use Commendation from Arthritis Foundation; on/off switch is located in handgrip for convenience. Automatic floor adjustment enables the vacuum cleaner to move between carpets and hard surfaces without changes to manual settings. Powerful, high-speed, balanced brush roll with double helix brushes whirls at 6,500 RPM and move debris toward the vacuum inlet for cleaning.
