Address:

Dogtown, St. Louis

Price:

500.00 \$

I am selling my laptop because I am no longer in need of this one. It is still in perfect condition and works great. It is the entertainment version, so it has great visual and audio. When this computer came it out retailed for \$1,200. Because its a special edition laptop the used ones are still selling for around \$650. I am selling it for \$500 obo.
