I have 2 Dark Brown Electric Recliners.

They have head, back and leg positions. Also has usb plug for charging cell phones. Buy one or both.

Purchased locally in November 2022 and delivered to our home December.

Research Parker House and see all different prices.

I realized there wasn't an option for each....

\$600.00 each- if you purchase both I will sell both for \$1100.00
