Selling a wonderful daybed with trundle (no mattresses included). The bed was originally \$550, on sale now for \$420 from Raymour & Flanigan (<https://www.raymourflanigan.com/.../batavia-metal-daybed...>), but we are selling it for \$200.00. It is almost brand new, and works beautifully, but we are getting a different piece of furniture for the room. It is a twin which opens to a king size bed, and is perfect for a smallish space. Here are photos...for dimensions and pick up info, please message me. Thanks!
