AKC French Bulldog heavily discounted this weekend. Has been vet checked with a clean bill of health. Born 02/08/2024 and has all shots completed including rabies. Nothing to do but play with your puppy. He does have Cherry Eye which is not uncommon for this breed and prob will need a procedure when he gets older \$300-600 this is why he is being offered at such a reduced pet price. You can also check out our reviews on FB at Loves Frenchies.
