Vintage 1968 Bernina record 730 Sewing Machine Desk with pedal, made in Switzerland. Really is a neat little desk, could be used as a sewing station or as a cute desk! My grandmother bought this new in 1968, love the desk, but no longer have any room for it. Desk includes sewing machine, which needs some work, may need a new belt,with pedal, four spacious drawers, including a hidden drawer for thread as well. Sewing machine folds easily down when not in use. Item is sold as is, as one unit, sewing machine cannot be removed. Please see photos for overall condition. Let me know if you have any questions.
