Price: **500.00 \$**

Queen size pine log bed with two night stands. Beauty rest mattress. This bed was only used as a guest bed so it's been used sparingly. When originally purchased it came with a regular box spring but this bed is already high off the floor so I got a lower profile box springs to lower it...good idea lol. This bed is pretty solid too and the tables are heavy as well. Easy to take apart with a few bolts and put back together. I'll throw in also a mattress cover and a heated mattress cover and a set of polar fleece queen sheets.

Pick up in Fallon only.
