Queen Size Bed – used for 2 months - \$675 OBO Let my regret be your perfect find!!!

I am letting go of an awesome queen bed as my boyfriend and I upgraded to a king size. I purchased a floor model on 9/11/15 and I have original receipt but we immediately regretted the size and we upgraded to a king size as soon as we could. I am asking for less then my already discounted floor model purchase price of \$800 (and I already had the frame and box spring estimated at an additional \$200 so the whole bed would have been \$1000). It is a World Class Beauty Rest Luxury firm with 2000 coils and a medium firm plush pillow top. Suggested Retail is \$2000. I bought it from Foothill Mattress here in Grass Valley and he said he would vouch for it. It is in absolute perfect condition, it was in a non-smoking house.... And is perfect for someone who wants a luxury and luscious queen size bed. gena@regenavate.com 530 559-2814 text is ok
