RYOBI

6,500-Watt Gasoline Powered Portable Generator with CO Shutdown Sensor. This generator delivers 6,500 Running Watts and 8,125 Starting Watts of power. An Automatic Voltage Regulator ensures reliable and consistent power while preventing damage to the generator and the devices plugged into it. The easy-access control panel has four 120-Volt 20 Amp (GFCI Protected) outlets and one 240-Volt 30 Amp Twist Lock Outlet. It has an Automatic CO shutoff with CO sensor for safety and a 6 Gal. fuel tank which will run up to 10-hours of runtime at a 50% load.

Unit is brand new and comes with operating manual and oil. This unit has never been run and gas and oil has never been put into it. It retails for \$899 plus tax which will cost you \$952.84. It is fairly priced at \$850. If you are interested, please call 276-698-5123. Cash only please.
