Address:

St. Charles

Price:

Free

When it comes to extended care in addiction recovery, one size certainly doesn't fit all. At Learn to Live Recovery, we understand that true healing involves more than just breaking free from addiction; it's about rebuilding your life, discovering your purpose, and paving the way for a brighter future. That's why we're thrilled to share a point of pride in our program: 40% of our current residents are actively enrolled in an undergraduate or vocational program.

Our program is uniquely designed to support residents in pursuing their personal development goals—whether that's earning a degree, completing job training, giving back through service work, or exploring other meaningful paths. Since opening our doors in 2021, we've had the honor of housing 17 students who have embarked on educational journeys while continuing their recovery. These individuals exemplify resilience and determination, and their success stories inspire us every day.

Education and skill-building are powerful tools in the recovery process. They provide structure, purpose, and opportunities for personal growth. At Learn to Live Recovery, we create a safe environment that fosters these opportunities, offering the stability and support our residents need to thrive. We also help connect our residents with local schools, helping them
