Address:

901 Tall Grass Dr, McPherson, McPherson

Price:

250.00 \$

10 month old, black lab female for sale. Up-to-date on shots and on next guard plus and spayed. Housebroken and plays with dogs and cats. Full of energy and needs a lot of room to run. Parents were AKC registered and hunting dogs. She needs a lot of attention and would be perfect with a retired man or someone who works from home. She really behaves better with men than women. She is smart. At this point, she weighs 66 pounds and the vet thinks she will hit 80 easily. She is too big and rambunctious for my three dachshunds.
