White - 2003 Chevy Silverado - 280,000 miles (give or take), check engine light is on but passes inspection due to it being tow related, truck still tows fine. It's an old farm truck but very reliable!! Inspected until May 2025, will need at least two new tires for inspection. Otherwise it's overall a very good vehicle! PRICE IS NEGOTIABLE!!!! \$4,500 OBO
