Had a local commit to purchasing, then no-showed. Now reduced by a total of \$70 to buyer's favor!

Great for presentations, convertible from laptop to tablet. Super fast computer suitable for sales presentations or college/high school students.

Great for gaming and streaming movies alike, with it's 11.6 inch screen. Pictures are the many various ways to use this machine: as a normal laptop, as a tablet, and can be propped-up for presentations and/or movies.

Like new. Hasn't been used for more than maybe 25 hours total. No longer needed for work.
